

## ESG – Policy Statement

At the Queens Hotel we recognise that as a hospitality business we inevitably impact the environment and our local community, we care about our environment and advocate for environmentally responsible practices in our day to day operations.

Sustainability is a core pillar in our business and this policy strives to ensure our operations will be carried out with a commitment to protecting and enhancing the environment wherever possible.

We understand that our activities have an environmental impact and form part of the global tourism industry, we acknowledge the need to implement long term sustainable management practices throughout our business to actively contribute to reducing the impact of the hospitality industry on a local, national and global level.

Moving forward we will continually review our working practices when we can. We understand that becoming a more sustainable business requires dedication and continuous improvement to embed sustainable practices throughout. With our Green Team in place we aim to achieve the prestigious Green Key & Green Tourism ecolabel accreditation in 2024.

Our ESG policy is a flexible framework to use as a guidance for our hotel operations and each member of team will learn their role and responsibility within it.
